

WILLOW ISLAND FEDERAL CREDIT UNION

SUMMER 2017

Identity theft is a federal crime and one of the fastest growing crimes in America. Prime targets include children, college students, military members, veterans and seniors but it can happen to anyone at any time. Here are a few tips to help you better protect your information:

- Use a mailbox with a locking device
- Shred all unwanted documents and preapproved credit or loan offers in a crosscut shredder
- Know exactly what identity-containing cards, documents and other items you carry with you
- Memorize all PINs and passwords and change them often
- Before using ATMs or sales terminals check for signs of skimming devices
- Shield keypads when entering passwords or card numbers
- Do not auto save login information
- Never click on links in pop-up windows

For more information:

- The Better Business Bureau (bbb.org)
- National Cyber Security Alliance (StaySafeOnline.org)
